AlstraSoft Autoresponder Pro is a powerful autoresponder email software with a built-in paypal integrated membership system that delivers information instantly to your potential customers and then automatically follows up with them multiple times, with personalized messages. You can schedule unlimited autoresponder messages to be sent out on any day you choose. Features include: create and edit autoresponders, send mail broadcast, create and edit newsletters using built-in templates, manage prospects, email tracking, mailing list management, custom variables, real time statistics, auto generate HTML forms and many more. In addition, you can now start your own autoresponder business by offering membership services and earn money by competing with industrial leaders like Getresponse and aweber.com. Autoresponder Pro also has a built in affiliate program so members can earn comission by promoting it.
