Beschreibung

Template Seller Pro (TSP) is an online store which enables you to start your own business just like TemplateMonster.com selling website, logo templates and other digital goods. TSP is 100% automated and has a Paypal integrated shopping cart payment system which allows your customers to purchase templates using Paypal and download them instantly! It also features a fraud protection system which will prevent any fraud attempts to get the template illegally. TSP has an affiliate program which allows affiliates to earn commissions when they refer customers. The built-in designer management system allows you to hire web designers on-the-fly. Designers submit their work through their member account and the admin will review their work and approve them in the Admin Control Panel. Purchase TSP now and get 50 professional photoshop templates with resell rights!
