Description

MYRE Realty Manager is a complete realty listing management solution software. It is easily customized to reflect your creativity whether you are starting from scratch or integrating into an existing web site. **MYRE Realty Manager** can be used to promote residential and commercial rentals, an independent agent site, or the listings section of your brokerage and/or real estate agency web site.

MYRE Realty Manager software is rich in features. It is a distinctive online property management program offering real-time property listing/management (FSBO, rentals, sales) on the Internet. **MYRE Realty Manager** is a highly customizable and easily administered by the novice and the more advanced web builder. Your online internet Real Estate venture is now within your grasp whether you are a novice or expert webmaster..

Real estate agents, developers, builders and owners can take advantage of the **MYRE Realty Manager** to develop their business on the Internet without knowing any computer programming.

MYRE Realty Manager has many options that are specialized and unique to the Real Estate industry. This program was built specifically for marketing real estate.

You can list your property type for residential and commercial sales and rentals. Property types include houses, cabins, commercial buildings, resorts, lodges, getaways, holiday homes, hotels, guest houses, bed & breakfasts and apartments but with **MYRE Realty Manager** the options are unlimited.

Create and manage a website for a realtor, a real estate agency, "for sale by owner" or any combination of them.
