Description

123tkShop is an Easy-To-Setup and Easy-To-Use e-Commerce Web-Shop-System for Small e-Business Webstores like Giftstores etc.123tkShop is MySQL and PHP- Based and offers a Plugin-Architecture. Maintanance is easy without knowledge of any programming-Language. The 0.3-Version comes with many new features and enhencements. So will it be much easier to install the Shoppingcart-System, since Configuration will now be done automatically. A new "Auto-Plugin-Detection", will make it easy to develop Plugins.
Some of the new features are:
a Backup-Manager, a Setup-Manager, Auto-Plugin-Detection
