Description

Create e-commerce sites from Dreamweaver MX - For the web programmers wanting to create e-commerce software, MX Kart is a collection of Commands and Server Behaviors that will create the shopping cart code for you. You will be able to use our Kart Recordset functionality, a native recordset that allows you to reuse the Server Behaviors you already have installed. Unlike other shopping cart systems on the market, MX Kart is easy to use and extensible, as it uses the tNG core to allow you to customize the e-commerce application logic directly from Dreamweaver MX.

Features:

- Improved Component based configuration;
- Advanced cart recordset;
- MX Shop - included site template;
- Support multiple properties per product;
- Powerful Commands and Server Behaviors;
- Build-in multiple payment gateways integration;
- ImpAKT2 full compatibility;
- Tight integration with Dreamweaver MX.
