Description

Online Training Solution - is a pre-designed solution for online studying. It is a site offering online courses and examination tests.

The system is easy to use and allows your users to learn the necessary material online. The content maybe different: it can be a university course or your private courses for children, students and grown-ups all around the world.

The solution can be quickly adjusted to any design. All the teaching materials and examination tests can be easily modified by the administrator. User-friendly design. Applicable for any possible courses. Additional features and pages are provided for a lower price.

Create your own online courses to your site fast and easy.

We can add or modify any features according to your requirements. Provide us with your requirements and our consultants will contact you within 24 hours.
